

## Quick Reference Card Trimble XCN-2050/TMX-2050 Installation & Set-up

1 Install the Elevate Cable into the EXP-100 port expander cable

3 Select the Wrench icon> GPS Receiver > Setup

Select the xFill tab and confirm settings according to the below screenshot

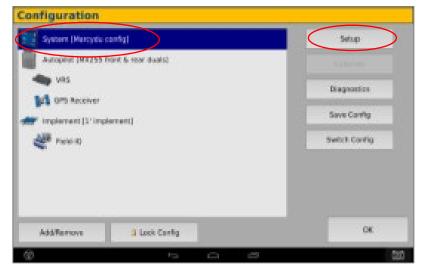

Note: Placement of the elevate modem on the cab roof is vitally important to performance. User must extend the entire length of the cable away from the receiver as shown below.

On the GPS setup page change the Corrections to Centerpoint RTK

Select OK to return to Configuration page & select System>
Setup

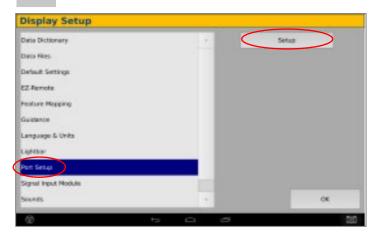

## Quick Reference Card

Trimble XCN-2050/TMX-2050 Installation & Set-up
